## COLERE QUARTET PERFORMING ARTS SERIES

**Tuesday, March 28, 2023 • 7:30 pm**  
*St. Charles Borromeo Convocation Hall*

Winners of the 2020 Fischhoff National Chamber Music Competition and the 2019 Plowman Chamber Music Competition, the Colere Quartet comes to Lewis to present an exciting concert of music written for saxophone quartet. Founded in 2017 at the University of Iowa, the Colere Quartet is an Iowa-City based ensemble comprised of saxophonists John Cummins, Elissa Kana, Greg Rife, and Dennis Kwok. Colere is a Latin word meaning

“to cultivate.” This name was inspired by Iowa’s expansive farmland and the group’s commitment to cultivating musical life in the Midwest and beyond. You will not want to miss this concert of vibrant music played by one of the top saxophone quartets today.

Visit [colerequartet.com](http://colerequartet.com) for more information about this dynamic saxophone quartet.

## PERFORMING ARTS SERIES MOTUS THEATER: JUSTUS

**Wednesday, April 26, 2023 - 7:30 pm**  
*Philip Lynch Theatre*

Join us for a theatrical production that supports community leaders who are impacted by carceral systems. JustUs is a collection of artfully crafted autobiographical monologues that expose the devastating impact of the criminal legal system and inspire action toward a vision of true justice. Since premiering at the National Association of Community and Restorative Justice Conference in 2019 in front of 1600 people, Motus’ JustUs monologues have served as keynotes for ten national and international conferences and have been read by law enforcement, district attorneys, DOC staff, legislators, and other Colorado state and community leaders. More information at [motustheater.org](http://motustheater.org).

## WADSWORTH FAMILY GALLERY

**Beyond Representations: SEEKING NEW FORMS FEB. 6-MARCH 16**

Whether triggered by a conceptual, metaphoric, or formalist set of assumptions, Havlis, Dallas, Kronquist, and Roberts have a common interest in the ambiguous space between representation and abstraction. Each artist intuitively experiments with materials in distinctly different ways to explore various possibilities of abstract expression.
